### 1. Introduction

Welcome to ModuleApp! ModuleApp is a program designed to help you manage your academic modules, record study hours, and calculate remaining self-study hours during a semester. This user manual will guide you through the installation process and provide step-by-step instructions on how to use the program effectively.

### 2. System Requirements

Before using ModuleApp, please ensure that your computer meets the following system requirements:

- Operating System: Windows 7 or later
- .NET Framework 4.7.2 or later

### 3. Installation

To install ModuleApp, follow these steps:

1. Download the ModuleApp installation package from the official website or a trusted source.
2. Run the installer and follow the on-screen instructions.
3. Once the installation is complete, ModuleApp will be ready to use.

### 4. Getting Started

To launch ModuleApp, double-click the desktop shortcut or search for "ModuleApp" in the Start menu.

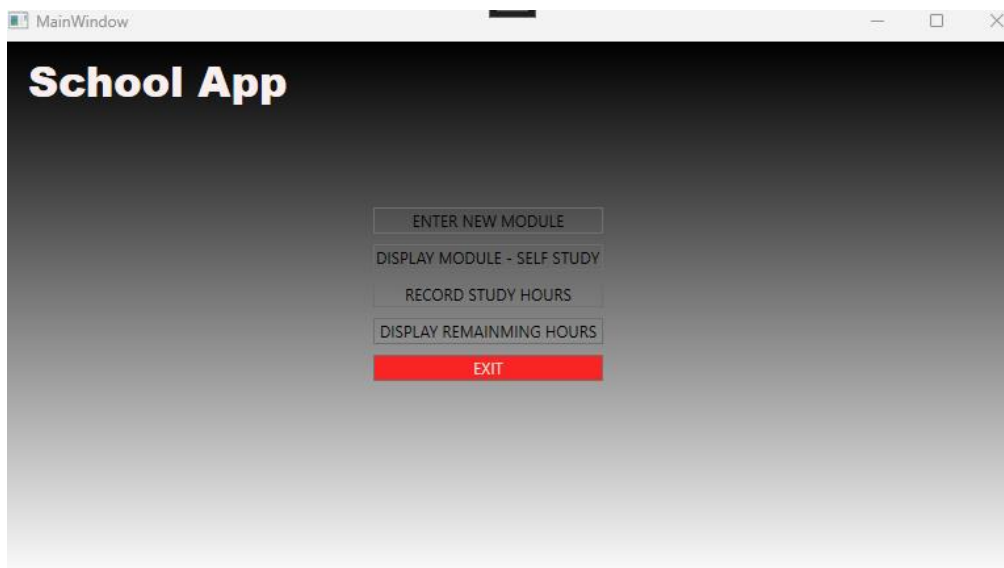

### 5. Main Application

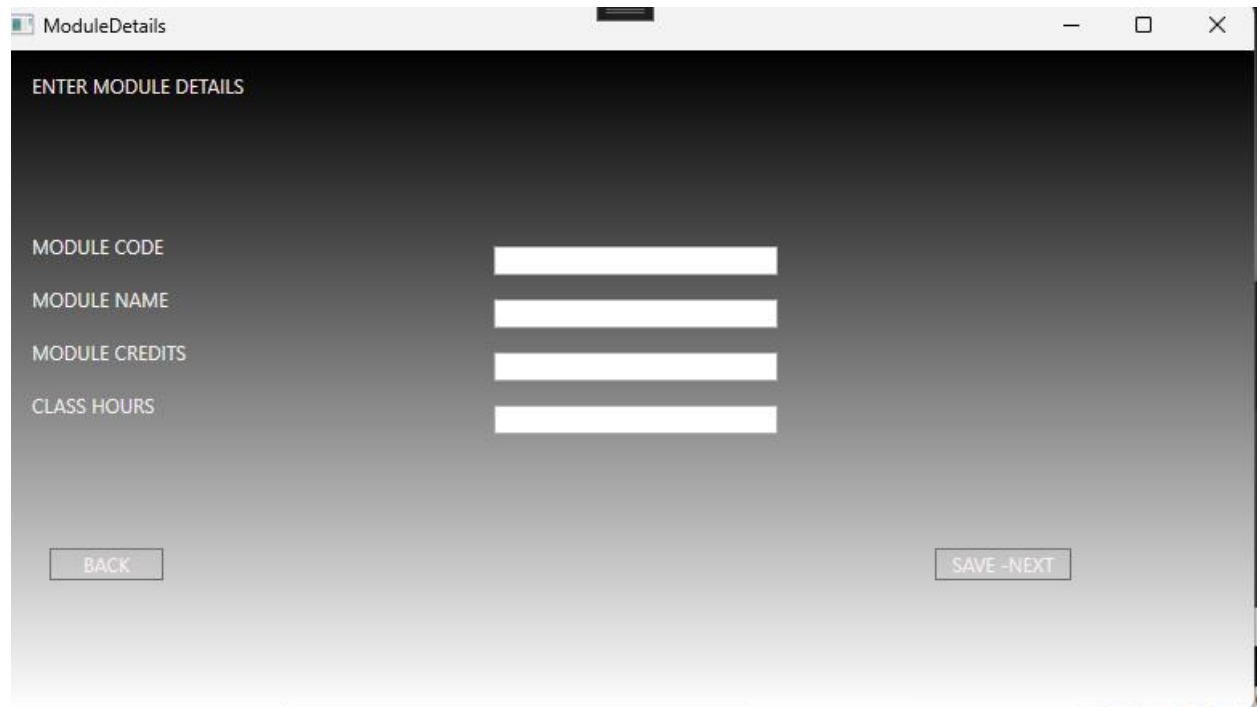

#### 5.1. Module Management

In ModuleApp, you can manage your academic modules. Here's how to do it:

#### Adding a Module

1. Click on the "Module" tab in the main menu.
2. Click the "Enter New Module" button.
3. Enter the module details, including the name, code, credits, and class hours per week.
4. Click the "Save" button to add the module to your list.

ModuleDetails

ENTER MODULE DETAILS

MODULE CODE

MODULE NAME

MODULE CREDITS

CLASS HOURS

BACK

SAVE -NEXT

The image shows a software window titled "ModuleDetails". Inside, there is a dark header bar with the text "ENTER MODULE DETAILS" in white. Below this, there are four labels: "MODULE CODE", "MODULE NAME", "MODULE CREDITS", and "CLASS HOURS". Each label is followed by a white rectangular input field. At the bottom of the window, there are two buttons: "BACK" on the left and "SAVE -NEXT" on the right. The window has a standard title bar with a minimize button, a maximize button, and a close button.

### Viewing Module List

1. Click on the "Module" tab in the main menu.
2. Click the "View Modules" button to see a list of all your modules.

DisplayModule

Display Module

View Modules

BACK

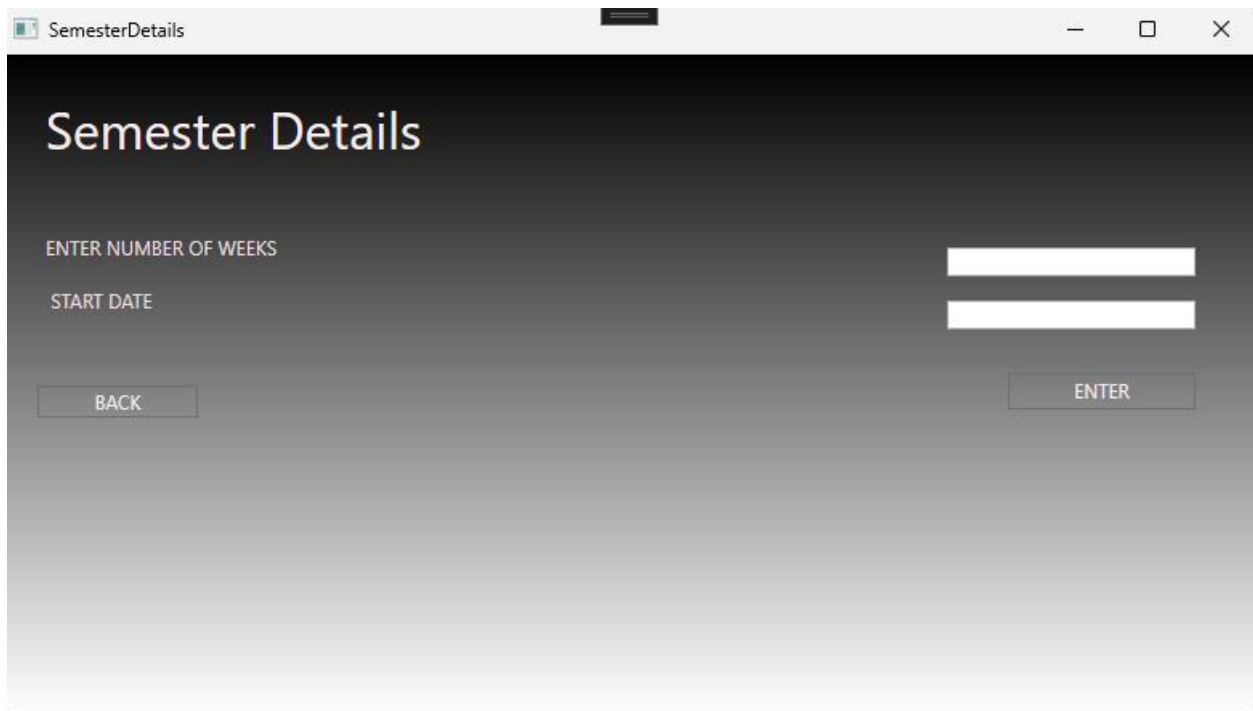

The image shows a software window titled "DisplayModule". Inside, there is a dark header bar with the text "Display Module" in white. To the right of the header, there is a button labeled "View Modules". Below the header, there is a large black rectangular area, which is likely a placeholder for a list of modules. At the bottom left of the window, there is a button labeled "BACK". The window has a standard title bar with a minimize button, a maximize button, and a close button.

## 5.2. Semester Management

ModuleApp allows you to manage your semesters. Here's how:

### Adding a Semester

1. Click on the "Semester" tab in the main menu.
2. Click the "Add Semester" button.
3. Enter the number of weeks in the semester.
4. Enter the start date of the semester.
5. Click the "Enter" button to add the semester.

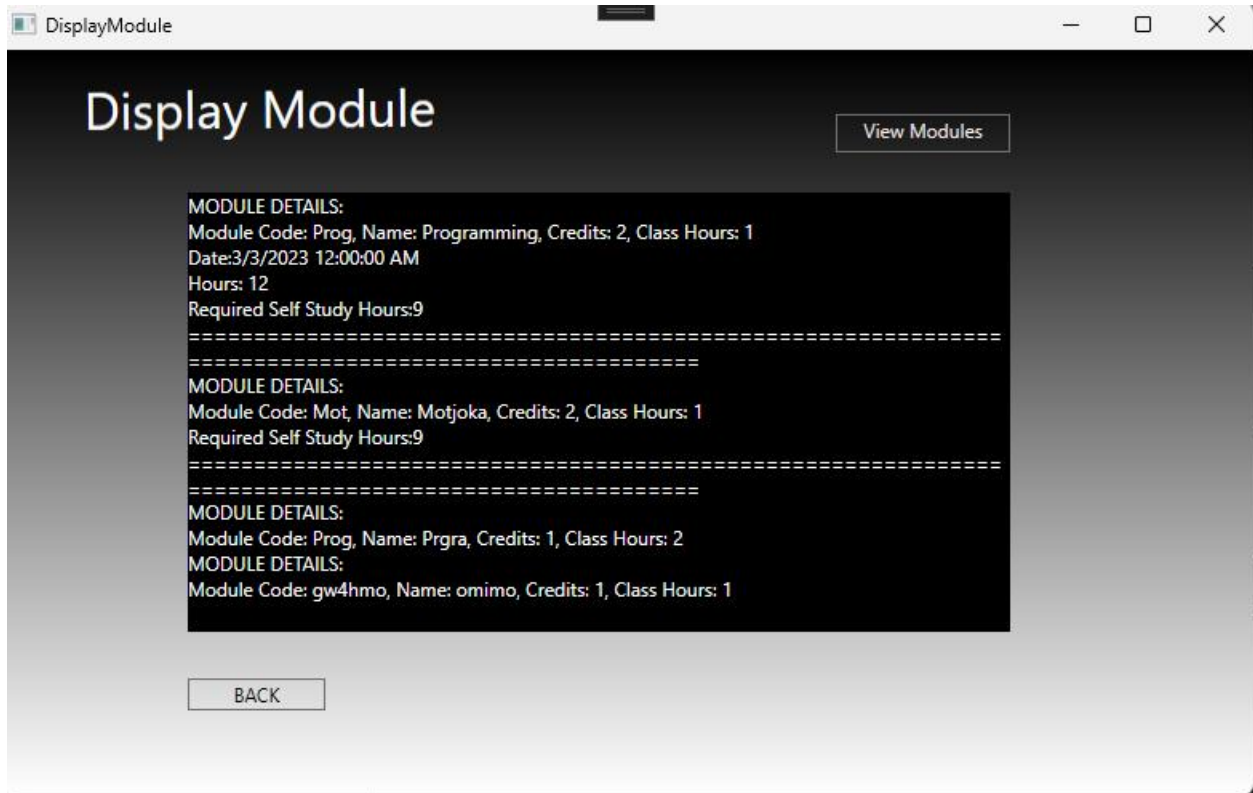

The screenshot shows a mobile application window titled "SemesterDetails". The window has a dark background with white text and input fields. At the top, the title "Semester Details" is displayed in a large, bold font. Below the title, there are two input fields: "ENTER NUMBER OF WEEKS" and "START DATE". To the right of each input field is a white rectangular box for text entry. At the bottom left, there is a "BACK" button, and at the bottom right, there is an "ENTER" button. The window also features standard mobile OS navigation icons at the top right.

### 5.3. Display Modules

You can display your module details using the "Display Modules" feature:

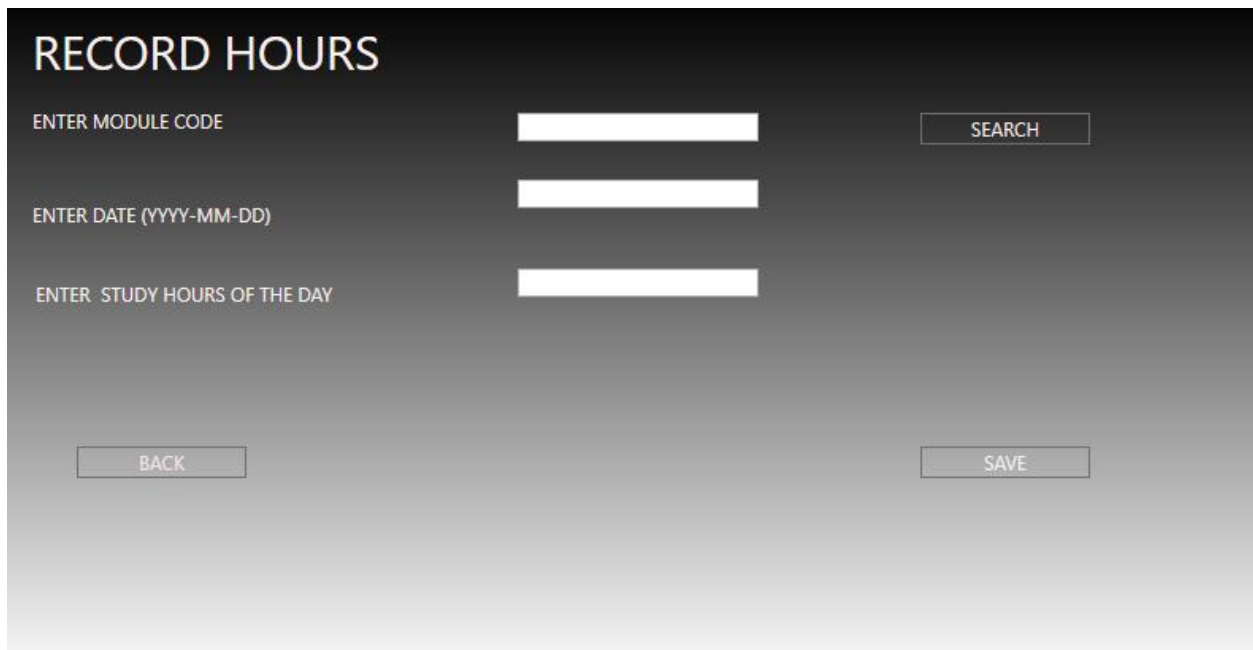

1. Click on the "Display Modules" tab in the main menu.
2. Click the "Display" button to view your module details.

#### 5.4. Record Study Hours

ModuleApp allows you to record your study hours for each module. Here's how:

1. Click on the "Record Study Hours" tab in the main menu.
2. Enter the module code for which you want to record study hours.
3. Enter the date and hours you've studied.
4. Click the "Save" button to record your study hours.

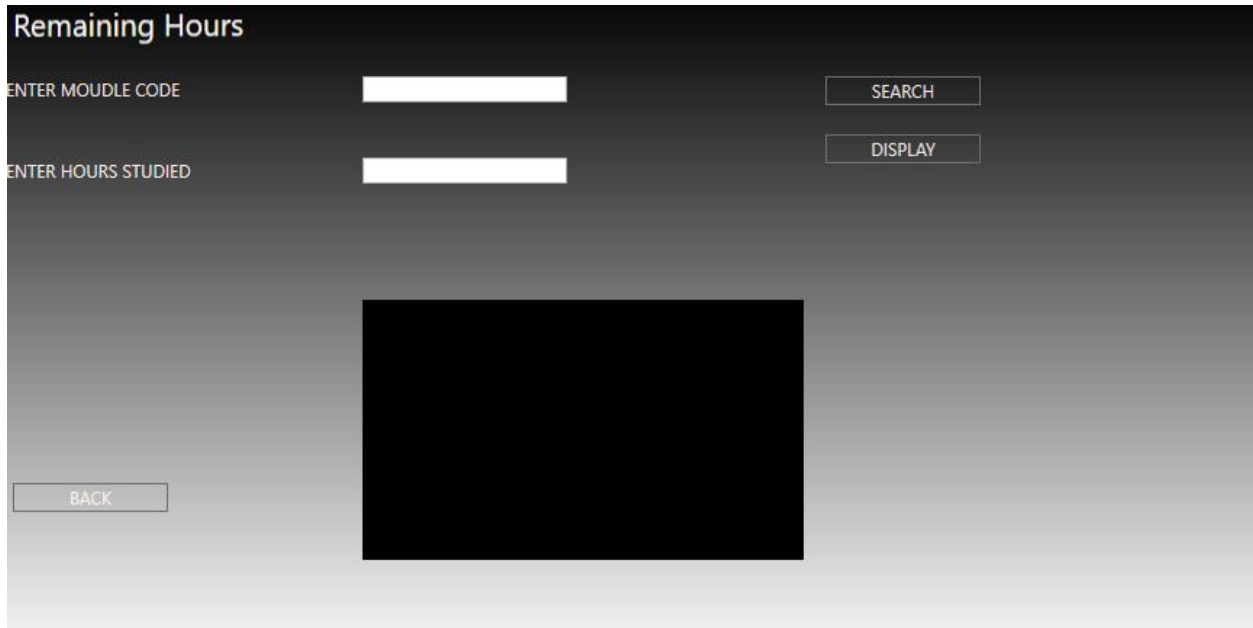

The screenshot shows a dark-themed interface for recording study hours. At the top, the title "RECORD HOURS" is displayed in a large, white, sans-serif font. Below the title, there are three input fields arranged vertically. The first field is labeled "ENTER MODULE CODE" in a smaller, white, sans-serif font. The second field is labeled "ENTER DATE (YYYY-MM-DD)" in the same font. The third field is labeled "ENTER STUDY HOURS OF THE DAY" in the same font. To the right of the first input field, there is a "SEARCH" button with a magnifying glass icon. At the bottom of the form, there are two buttons: "BACK" on the left and "SAVE" on the right, both in a white, sans-serif font.

### 5.5. Calculate Remaining Study Hours

You can calculate and display your remaining self-study hours for each module using the "Calculate Remaining Study Hours" feature:

1. Click on the "Calculate Remaining Study Hours" tab in the main menu.
2. Click the "Search" button after entering a module code to find the module in the 'modules.txt' file.
3. Click the "Display" button to view the remaining self-study hours for the module.

The screenshot shows a web application titled "Remaining Hours" with a dark theme. It features two input fields: "ENTER MOUDLE CODE" and "ENTER HOURS STUDIED". To the right of the first input field is a "SEARCH" button, and to the right of the second is a "DISPLAY" button. Below these inputs is a large black rectangular area, likely a placeholder for a table or chart. In the bottom left corner, there is a "BACK" button.

## 6. Frequently Asked Questions (FAQs)

### Q1: How can I delete a module?

To delete a module, go to the "Module" tab, click the "View Modules" button, select the module you want to delete, and click the "Delete" button.

### Q2: Can I edit module details?

Currently, ModuleApp does not support editing module details after they have been added. You can delete the module and re-add it with updated details.

### Q3: How can I export module or semester details?

ModuleApp does not have a built-in export feature. You can, however, manually copy and paste the details into a document or spreadsheet.

## 8. Contact Information

If you have any questions, feedback, or encounter issues with ModuleApp, please feel free to contact us at [support@moduleapp.com]

Thank you for using ModuleApp! We hope this user manual helps you effectively manage your academic modules, record study hours, and track your progress during your studies.
